

ALUMINIUM LIGHT CRANE SYSTEM

- > EFFICIENT & ERGONOMIC TO USE
- > LIGHT WEIGHT & VERY SMOOTH OPERATION

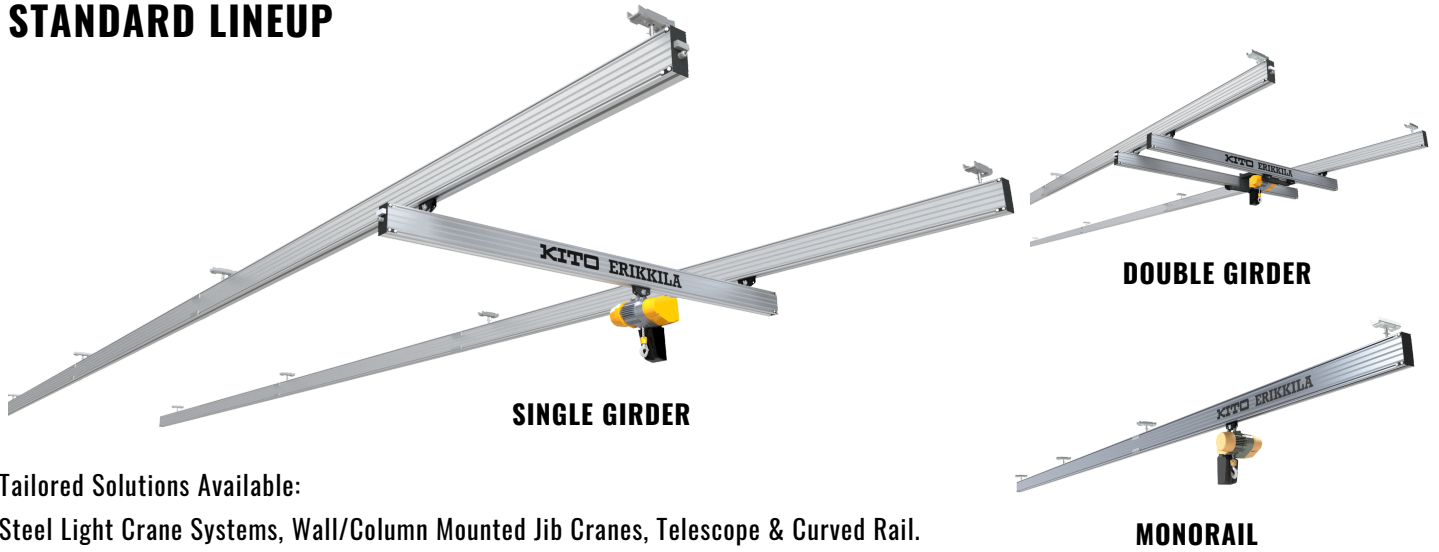

FEATURES

- > Lower self-weight in comparison with steel rails enables easy installation & lower operational effort.
- > The surface treatment of the profiles and high quality trolleys facilitates very smooth movement.
- > No chance of falling paint particles as aluminium profiles do not require painting.
- > Complies with the European light crane standard EN16851.
- > An integrated solution of Aluminium Light Crane System and Electric Chain Hoist with Inverter from KITO offers the smoothest material handling experience.

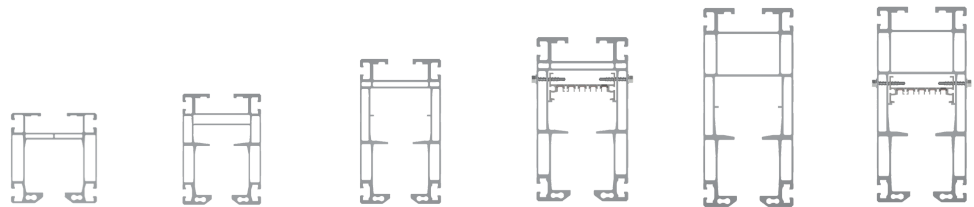

EQ WITH INVERTER

STANDARD LINEUP
